Examples

- **Alert View:** notification

The screenshot displays the IBM Z chat application interface. On the left is a dark purple sidebar with navigation options: All unread, Threads, All DMs, Mentions & reactions, Saved items, More, Demo, # list-job, # find-a-specific-job, # job-status, # share-info, # mobile, and # future. The main chat area is titled 'ask-zowe-chat' and shows a notification from 'Zowe Chat' at 3:20 PM. The notification text reads: '@channel There's a job consuming too much CPU. Please check the alert from My Monitoring Tool: ADDRESS_SPACE_CPU_UTILIZATION From: My Monitoring Tool Description: There is a job taking too much CPU.' Below this, the 'Problem Location' section shows 'Job Name: ZWE1SMPE' and 'Job ID: MYJO1120'. The 'Details' section lists 'Priority: High', 'Severity: Critical', 'Category: Event', and 'Occured: 2022-08-23T00:06:16.000Z'. The 'Customized Fields' section shows 'CPU_UTILIZATION: 230'. At the bottom, there is a 'View More Details' button and a chat input area with a toolbar containing icons for bold, italic, link, unlink, list, ul, table, code, and image. The input area shows 'Message @ ask-zowe-chat' and a 'Phoebe Cai' status indicator at the bottom left.
